PROGRAM OVERVIEW

Training in Ministry (TRIM)

*Then I heard the voice of the Lord saying,
“Whom shall I send, and who will go for us?”
And I said, “Here am I. Send me”.
Isaiah 6:8*

What is TRIM?

Training in Ministry (TRIM) is a ministry training program that provides the educational required for ordination in the Church of the Brethren. TRIM is a program of the Brethren Academy of Ministerial Leadership, which is a partnership of Bethany Theological Seminary and the Church of the Brethren. Most courses are taught online, which allows students to study close to home. TRIM students come to campus in Richmond, Indiana for their orientation and, if they choose, the occasional onsite course. Depending on the extent of prior education, a student may complete TRIM in as few as three (3) years, but no more than ten (10) years.

All students enter TRIM with the approval and support of their district. District-appointed TRIM coordinators provide guidance and support to students at the local level. TRIM coursework consists of studies in bible, church history, theology, and practical ministry. Through coursework and a series of engagements with the life of the church, students gain knowledge and experience for ministry. TRIM partners well with the district licensing process for discerning the call to ministry.

Who Can Participate in TRIM?

Those committed to Jesus Christ and the church who:

- sense a call to ministry in the Church of the Brethren and are willing to explore that call
- have a high school diploma (or equivalent) and the ability to do college-level work
- wish to fulfill education requirements for ordination in the Church of the Brethren or upgrade previous training
- have gifts for ministry, discerned and affirmed by their congregation and district
- have the self-motivation to pursue a disciplined course of study for ministry

What are the differences between the old and new TRIM requirements?

TRIM requirements have recently been updated; however, some students are still under the older TRIM requirements. The biggest shift between the two requirements is that those taking TRIM under the new requirements no longer need to take general education courses, while those who

are taking TRIM under the pre-2023 updates still need to take general education courses. Additionally, there are now more required courses for those who are taking TRIM under the updated program requirements. These updates were made to better support the needs of students and to strengthen the ministry training experience.

All students beginning TRIM in 2023 and after are under the revised requirements. Students who entered TRIM prior to the 2023 revisions who benefitted from the changes to the requirements were given the chance to opt into the new requirements, so there may be some students who have been in the program for a few years already who are using the 2023 revised program requirements. Otherwise, students entering TRIM before 2023 are under the old requirements.

What Does TRIM Cost?

The total cost of the TRIM program will depend on the previous education of the student, the institution offering the courses, and the progress of the student through the program (i.e. how many courses the student chooses to take each year). Below are the various costs involved in the program.

- Enrollment Fee: \$360, due at the time of application
- Biannual Student Participation Fee: \$112.50
- Biannual District Participation Fee: \$122.50 per student
- Individual course Fee: \$300, payable at the time of course registration (courses taken outside the Brethren Academy will vary in cost)
- Cost of books and any travel to onsite courses (varies by course)

Biannual fees will be billed in January (due in full, March 1) and July (due in full, September 1), based on the student's date of completion.

Financial Assistance for course fees is available to qualifying students.
